

Project Page

Project Name: Shooting Sports

Goals to achieve in project (what I want to do or learn in this project):

1. To complete the Wisconsin Hunter Safety course this 4-H year. 2. To make a bow (wooden) to use for archery this 4-H year. 3. To make a target/trap to use at home to practice my aim for the Shooting Sports Pre Fair Event.

Outcome of project (what I learned or achieved):

I Attended the course held in Feb/Mar and passed.

I selected a board we had at home and developed a pattern for the bow. I chiseled it too deep and was very discouraged. I may try again, but a friend gave me his compact bow to use.

I tried different styles of traps (I really

Wanted to save losing as many BB's as possible.) The one that worked best was a cardboard box stuffed with crumpled newspaper.
