

Project Page

Project Name: Photography

Goals to achieve in project (what I want to do or learn in this project):

1. To get more experience doing action shots on my camera this year. 2. To enter a digitally enhanced photo in the Fair (County). 3. To prepare a demonstration for the County Contest in February.

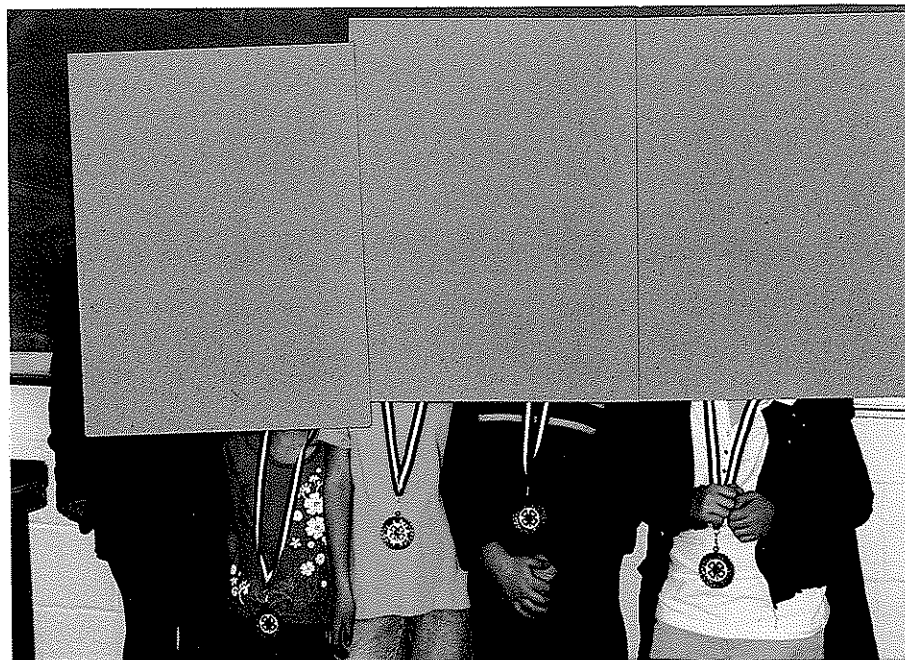

Outcome of project (what I learned or achieved):

I found some settings on my camera that helped catch the action.

I took a photo on one of our shutterbug fieldtrips. It was a hippo statue on cement with a wetland painting backdrop. I used our computer to create the look of the hippo being in water instead of the cement.

I demonstrated some fundamental

techniques to make a snapshot into a great photograph. It was hard to organize the demonstration into the time allowed for the contest but it made me think more about what was most important to say and illustrate.

[redacted] demonstrated "Fast Pitch My Softball Demonstration" [redacted] demonstrated "It's a Snap (Or is it?)";

[redacted] demonstrated "Origami", [redacted] demonstrated "Cleaning a Leather Show Halter" [redacted] demonstrated "How to Make Star Bracelets", and [redacted] demonstrated "Peanut Butter-Jelly Delight". All received blue ribbons for their demonstrations and [redacted] received Top Demonstration.
